

*“Casa de la Esperanza” is a ministry sustained by our Father through the prayers of His people. Our prayer is that we might give hope to our children for their future, just like our name implies (Casa de la Esperanza meaning House of Hope in Spanish).*

*This hope is solidly based on the redeeming love of God for all persons, and on God’s promise to build His kingdom among us. This is why our prayer is to break the cycle of poverty in which our children are born and to raise children that know that God reigns.*

Our prayer is that we might help them reconcile with their hurtful pasts and move on with the knowledge that only through forgiveness we can find true peace and live on. We pray that they might be restored by the love of Jesus and begin to believe that God is at work in their lives. Our prayer is for them to have dreams, to set their sights on unimaginable goals and know that through God our Father the impossible becomes possible.

We pray that God’s kingdom may come among our children and His will may be done in their lives, that they may learn to forgive and be forgiven, and that their lives may be a blessing and a channel of God’s mercy for the future generations.
