Name:

**Angel Yael Alvarez**

---

Age:

**Eighteen Months**

---

Angel is now eighteen month and has lived at Casa since he was a year old. Angel was left with a neighbor for presumably a couple hours when the mother packed up her few belongings and left, abandoning Angel to the care of a neighbor. After a few days of caring for Angel, the neighbor turned Angel over to DIF who then brought him to Casa. Angel is a happy baby and loves rolling on the rug with the other babies in the nursery. Angel was malnourished when he arrived at Casa but has a great appetite and is catching up on his weight. Angel has an attraction to cars and trucks and love playing in the sandbox.
