Name:

David Ozuna

Age:

Three

David and his older brother, Angel Alberto, are among the most recent residents of “Casa de la Esperanza.” They entered on December 21, 2007. They are both victims of neglect and they come from a disintegrated family who lives at subsistence level. David is as sweet and precious as his smile. He loves being held, and often will come and sit in someone’s lap during the daily devotionals. He especially enjoys running outside and playing with little cars.
