Juanito (as he is lovingly called at Casa) was abandoned by his mother, and came to live at “Casa de la Esperanza” along with his younger sisters, Chabela and Valezka. Juanito is extremely intelligent and full of energy. When it is time for homework in the afternoons he is the first one to arrive. He really enjoys studying, learning, and solving problems. He also knows many Bible stories and is the first one to answer questions during the daily devotionals. He encourages everybody with his eager spirit and desire to learn.
