

our children

Name:

Julio Adan Carrasco

Age:

Three

Julio was born on May 6, 2006 and is among the most recent arrivals at Casa. Julio was abandoned by his mother who left him with the neighbor and moved, never to return. Julio remained with the neighbor for better than a month when he was taken to DIF (comparable to the Department of Social Service in the US) and then brought to Casa. Julio was very ill upon his arrival to Casa and has recovered very well. Since regaining his straight, Julio has begun making many friends and is adapting well to his new home at Casa. Julio's favorite color is red and his favorite food is burritos. He loves to play with balls and looks to be a promising soccer player for Casa's summer team when we play against visiting groups. Julio wants to work in a store when he grows up.
