

our children

Name:

Marcelina Moreno

Age:

Ten

Marcelina entered “Casa de la Esperanza” in February 2008, along with her niece, Adela Cruz Moreno. Marcelina comes from a situation of abuse and poverty. She does not have a birth certificate, and nothing is known about her parents. She has seen a lot of hardships for her young age. However, since she came to Casa she began to feel the safety and love of a home for the first time. She is beginning to form friendships with other girls and will go to school for the first time in her life. She is enjoying the daily devotionals, and she is beginning to participate by singing. It is a blessing to have Marcelina among our children and tell her about the love of Jesus for her.
