

our children

Name:

Perla Berenice Moreno Castaneda

Age:

Seven

Perla Berenice (or Chabela, as she is lovingly called at “Casa de la Esperanza”) was abandoned by her mother. She and her younger sister, Valezka, and her older brother, Juan Albino, live at Casa. One of the things that one notices first about Chabela is her sweetness and her smile. She always has a big smile on her face and always seems happy. She is also extremely sweet and affectionate. She loves to give and receive hugs and to sing children songs during our daily devotionals. Her favorite color is red, and she wants to be a doctor when she grows up.
